JLD Systems — Printed Circuit Board Checklist

What is the estimated project start date? _____

What are the annual quantities? _____

Is this a one time run?_____

Is there a Project Name to be referenced? _____

Are these assemblies subject to ITAR or EAR regulations? _____

Are these Rohs assemblies or Leaded? _____

Should the quote be to IPC Class 2 or Class 3 standards? _____

Do we need a quote for functional test? _____

Should the quote include a test development? _____

If so, do we have a test time? _____

Any conformal coating required? _____

Are we currently using another CEM or not? _____

Are passive components source controlled? _____

Are there any finished samples available? _____

Are there any assembly drawings? _____

Is this a new design or an existing product?_____

Is the quote this to us or to an end customer? _____
